The Experience

LET'S MEET IN PERSON

Most of the time, our film team can arrange to meet brides and grooms before the wedding day. Meeting before hand builds trust for both parties. This is also an opportunity to plan ahead and come up with ideas for your wedding video. If you are unable to meet in person, a phone consultation is always an option.

PERSONABLE AND TRUSTWORTHY

Being expert wedding videographers isn't the only reason why we've succeeded in the wedding industry. We understand that when you hire a wedding vendor other important factors are important to you such as: trust, reliability, easy to work with, courteous with your wedding guests, and many other factors. That's why we put 110% percent professionalism into every wedding that we film.

A BEAUTIFUL CINEMATIC STYLE

Every shot is carefully executed for a beautiful, cinematic film style. Utilizing professional video equipment, your completed wedding film captures your special day. In addition to cinematic, we offer the documentary style feature film in some of our video packages.

FREE DRONE FOOTAGE

Some of our wedding film packages receive free drone footage. Aerial video would be a wonderful addition to your wedding film. It adds production quality, it's fun, and you'll love the end results. Even if your ceremony and/or reception is inside, we can still utilize a drone for scenic arial views.

Questions and Answers

ARE WE ABLE TO SUGGEST IDEAS FOR OUR FILM?

Yes! We would love to work with you if you have ideas for your film(s). We love collaborating with couples and are open to new ideas and suggestions. (This also includes the type of music you want used in your film.)

DO I REALLY NEED A VIDEOGRAPHER?

According to [The Knot](#) and many other resources in the wedding industry, hiring a videographer is a must. Here are real messages from brides and grooms about hiring a videographer:

“DO IT!!!! I promise you will not regret spending the money. You may not think you want to relive every minute, but after the day you have been meticulously planning for months flies by in what feels like seconds, you will be desperate for a way to remember it!” — rachaelj99

HOW LONG DOES IT TAKE TO RECEIVE OUR FILM?

Most highlight films take about 4 weeks to receive back for review. This may be longer during wedding season. In addition, if we are editing additional films/edits such as a longer documentary, there may be additional time needed to complete.

HOW DOES THE BOOKING PROCESS WORK?

We’ve made the booking process very simple for brides and grooms. Booking with Pacific Hearts can either be done in person, or through our online booking process which only takes about 10 minutes. We’ve provided an easy way to fill out our wedding day questionnaire, sign the contract, and make the required deposit.
